

A poster for a Roman festival. At the top, a red banner with gold trim hangs from a metal pole with a decorative finial. The banner contains the text 'MMXVIII ARDE·LVCVS' in gold, followed by the dates 'JUNE, 15TH, 16TH AND 17TH' and the festival's name in English and Galician. Below the banner, a Roman soldier in full metal armor is shown from the chest up, facing right. In the background, a large group of similar soldiers stands in formation, holding shields with various patterns. The setting is a dusty, open field with ancient stone ruins in the distance under a cloudy sky.

LARA
MÉNDEZ LÓPEZ

Mayor of Lvgo

CARMEN
BASADRE VÁZQUEZ

City Councillor of Regional
Cvltvre, Tovrism, Yovth
and Language Promotion

A magic phenomenon will take place on 15th, 16th and 17th Jvne, it will immerse again the whole city and its most seclvded places in a magic fantasy fvll of ancient ancestral characters vnlkely to be still walking between vs. That is a vniqve magical experience only possible in Arde Lvcvs, to travel back in time to discover and enjoy first hand ovr cvltvral and historical legacy.

The whole povplation in Lvgo takes the streets to celebrate and enjoy and chiefly, to show they are provd of the gloriovs past of Lvcvs Avgvstvs.

The 17 historical reenactment associations invite yov to witness how life was dvring the Roman Empire, both economically and familiar as military and politically, even for children it will be a wonderfvl experience, they will have their own space, o Mivdo Arde and also typical Roman and Keltic games in the settlement camps.

If Arde Lvcvs became a svccess, it was thanks to the active

involvement and contribvtion of ovr citizens, social workers, sport clvbs, private organisms as sponsors and of covrse, the 17 associations which perform an incredibly accvrate historical reenactment in their settlements, holding a wide schedvle of activities within the festival programme.

This contribvtion and involvement of ovr people is one of the special feativres in this festival, leading vs to achieve last year, the certification as Festival of National Tovrist Interest, and that will inspire vs to move together towards the international recognition.

Citizens of Lvgo, visitors from foreign lands in Lvcvs Avgvstvs, Romans, Keltics:

Come and dive with vs into ovr history, yov will discover this festival going all over ovr walled enclosvre, where yov will immerse yovrselv in a past more alive than ever.

Don't let the flame go ovt!
